Chad was one of the young ambitious citizens of Keene and was a mentor and friend when I was in High School. He was also a very successful in his career at a very young age. I truly think that Chad deserves to have his trial re opened so we can get to the truth and set a vibrant man free.

This is a man that used to sleep on the floor next to his little sisters bed every night because she was afraid there was snakes under her bed. Thats not the character of someone who would ever harm a child. He is a good, honest, loving man who has spent too long in prison for something he didnt do.Please re-open this case and you too will see the truth.

He is innocent
55. Jessica Marie Oct 12, 2011 Keene, NH
Signing this petition only indicates I believe the case should be re-investigated, not that I sign in belief of Chad's innocence. I have done extensive research on my own and believe it fair the case be reviewed/reinvestigated and possible re-tried.

There is too much evidence and too many other avenues that have been left uninvestigated. Whatever happened to innocent untill proven guilty.. and Chad was automatically assumed guilty even before his day in court. Chad DESERVES a FAIR hearing with all avenues and evidence explored to the furthest abilities available!!!!!! Not just for Chad's freedom, but so Kassidy can finally rest peacefully .

We request that the State of New Hampshire re-investigate the Chad Evans case, and then either dismiss the charges against him or request a new trial where a jury can hear all the evidence.

Justice was not served in this case for any of these people involved. Serious mistakes were made with this case and because of that an innocent man's life is wasting away, a child is father less, the community is lacking a productive citizen, and little Kassidy has not been able to RIP. Please see that justice is served.
