February 14, 2002

Your Honorable Judge Nadeau,

My name is Fran Voudrien and I own a business in Keene. It is called "Fran's Of Keene, Inc.". I have been in business for 35 years. As of 2/10/48 I am 54 years old.

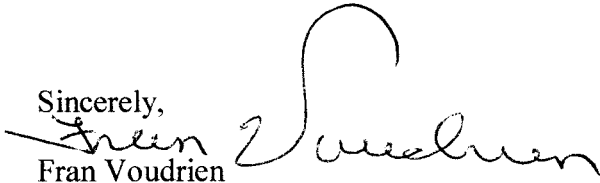

I nicknamed Chad, "Tadpole" at a very young age, because he was like a tadpole. He was always moving and trying to exceed in his young life, and has succeeded and done well in his life. And if anyone were to call him tadpole he would know that they had been talking to Fran.

I have known Chad Evans for most of his life. How I met Chad was when he was 3, he would go with his father on the family business rubbish truck. They would go from house to house picking up rubbish. Chad would go with his father as much as he could to work. I think it was more work for his father to take Chad with him, but Chad's family is a family of hard working people. I feel that his father and mother started him at a young age so that he would be successful in the work force as he is. Chad is real successful at whatever he accomplishes.

Your Honor, at a young age Chad was always a polite child and as he has grown to adulthood he has always been a gentlemen all threw his life.

Your Honor, Chad continues to be successful. Chad comes from a very loving family that consists of a Father, Mother, Brother and Sister. He also has a polite, intelligent, loving son that loves him very very much.

Sincerely,

Fran Voudrien
